The Director of Central Intelligence

Washington, D.C. 20505

NIC No. 00755/87
18 February 1987

National Intelligence Council

MEMORANDUM FOR: Acting Director of Central Intelligence

25X1

FROM: Brig Gen Frank B. Horton III, USAF
Chairman

SUBJECT: Briefing to the House Arms Services Committee
on Friday, 20 February

1. Attached is the updated version of your "world-wide" briefing to the above Committee. I have been informed that you will only be able to spend about 30 minutes with the Committee. We have revised slightly the briefing with that in mind.

2. I would recommend that you break at the end of PART I (noted in the text; see pg. 17). This should leave you enough time to answer a few questions concerning the Soviet-related sections. The briefing could then be turned over to Bob Vickers and Dan Webster. Larry Gershwin will act as moderator for the final question and answer period. I expect that most of the questions will relate to his areas of expertise, i.e. arms control and strategic programs.

3. Attached also are a list of the Committee's members and a list of NIC/OCA members who will accompany you.

4. Changes to the graphics would be very difficult at this point as would a major reorganization or major additions or deletions to the text since the briefing books for the Congressmen have been prepared. Minor textual changes are not a problem. We will, of course, handle any changes you wish the best we can.
